

Instrument Repair Seminar

July 12-16

9 am to 12 noon – 134 Northwest Annex

Name _____ Phone _____

Address _____
Street City State Zip

Email address: _____

The course will provide information and hands-on-training in preventative maintenance and care of brass instruments. Pulling stuck mouthpieces, replacing valve corks and felts, spit valve cork replacements, and general daily maintenance to keep the students instruments from needing major repairs will be addressed.

You may bring your own instruments to work on or use the ones we provide. You will need some tools and supplies. The following optional kit is available for sale if you do not have these items:

Repair Kit:

- Valve Oil
- Valve felts (trp.)
- French Horn string
- Polishing cloth
- Cork/pad cement
- Spit valve cork
- Tuning slide grease
- Mouthpiece brush (trp)
- Trombone brush

(Other supplies will be available for sale at the seminar.)

I wish to register for the seminar and enclose payment for the following:

Seminar Fee (\$125)	\$125.00
_____ Repair Kit (@ \$35)	_____
Total	_____

One hour of graduate credit is available for a separate fee (\$179) and separate registration with SIUC. This can be processed at the first class meeting and the university will bill you directly for this tuition.

Please enclose a check to SIUC for the total. Enrollment is limited. Send this form and payment to:
